**WILL IT CURE ME?**

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription' nearly a year ago for chronic inflammation of the womb and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

These are the Original Little Pills, first put up over 30 years ago, by Dr. R. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little Pills gently lead the system into natural ways again. Their influence lasts.

**WASHING WITHOUT WATER**

Is Like Trying to Get Rid of Dandruff Without Herpelide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and prevent baldness by feeding the germs which cause it, with Cantharides, Vaniline, Glycerine and similar substances which form the principal ingredients of most so-called hair Vigors.

Newbro's Herpelide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp medicine manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpelide Co., Detroit, Mich.

**General Garnett's Sword.**

A valuable relic of the war between the States, which has been in the possession of Mr. James E. Stuart, was yesterday forwarded to the rightful owner. It is the sword of Gen. Richard B. Garnett, who commanded a brigade in the famous charge of Pickett's division at Gettysburg, in which General Garnett was killed. The sword is after the pattern for artillery officers in the United States army and is inscribed "R. B. Garnett, U. S. A." The blade is of fine metal, elaborately embossed. It is in perfect order. The scabbard is of fine steel, but somewhat rusty.

General Garnett resigned from the United States army in 1861 at the outbreak of the civil war and was promptly commissioned in the Confederate army. Prior to serving under General Pickett he served under Stonewall Jackson, and was rated among the bravest and ablest of the West Pointers who served the Confederacy. General Garnett was last seen leading his brigade in Pickett's charge. He was wounded and his horse was bleeding from a wound. His body was not identified and will always lie among the unknown Confederate dead.

The recovery of General Garnett's sword is due to the late Gen. George H. Stuart, of Baltimore, also a West Point graduate, who also led his brigade in a desperate charge at Gettysburg a few hours before Pickett's charge. Had both charges been entirely successful, it is said, the two Confederate lines, moving toward each other from opposite directions, would have overlapped.

Years ago General Stuart found in a second-hand shop in Baltimore this sword of General Garnett and purchased it. General Stuart died November 22, 1903. Mr. James E. Stuart, his nephew, is now enabled to forward the sword to its rightful possessor by descent, who is the wife of Col. John B. Purcell, a Confederate veteran, of Richmond. General Garnett was the only remaining brother of Mrs. Purcell's mother, who was deeply attached to him and, though Colonel Purcell, has assured Mr. Stuart that the sword will be treasured by her, a niece of General Garnett, as a precious heirloom.

**Mrs. Todd Murdered.**

That Mrs. Margaret Todd, the aged, wealthy and eccentric resident of New York, believed that there was in existence a conspiracy to dispose of her and seize her money, as Patrick did with Rice; that on the very afternoon before her death she had an appointment to sign a new will for the purpose of circumventing the conspirators, and that she was dead before her body was placed on the Reading tracks in Philadelphia form the principal hypothesis in a foul-play theory which gained greater credence yesterday than at any other time since the study of her eccentric life and mysterious death began.

Of the truth of her statement that she likened her state to Rice's letters in her own handwriting contributed the evidence—letters that showed not only her idea that a conspiracy was afoot against her estate, but disclosed, as nothing else could, the chicanery, sycophancy and intrigue practiced in the court of the red-wigged dowager, at 73, vain of her beauty, surrounding herself by women many years younger than herself and watched with keen and alert eyes by men dependent upon her.

Of her purpose to execute a new will on her last departure from the Von Hoffman apartments, a statement, substantiated later by a much more reliable witness, was made by G. W. Anon, manager of her hotel, an old, weakened, decrepit little man, deaf and half blind, who sat all day yesterday in a dingy room in the Von Hoffman with reams of foolscap before him, inditing laboriously, at the urgent insistence of Lawyer Hastings and Sinclair Tousey, the whole story of his relations with the dead woman and telling, it is believed, the exact truth for the first time since her death.

Of the belief that life was extinct before the body touched the railroad substitution was given by an autopsy disclosing a body with 14 fractured ribs, a broken sternum and a broken vertebrae covered, despite these fatal injuries, by clothing so little disarranged that even corset and its cover were intact.

**Herb W. Edwards Injured.**

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

**But Few Are Free.**

But few people are out of pain at this season. Kodol remedy is not a cure because it digests cause it also enables the to assimilate and transmute blood. It cures sour stomach, heart burn, indigestion and all ailments of the stomach and bowels.
